

## TV Everywhere Set Up Guide:

### Step 1: Verify Eligibility

1. **Account Status:** Make sure your account is active and in good standing.

### Step 2: Choose Your Device

TV Everywhere is typically available on:

- Smartphones and tablets (iOS and Android)
- Smart TVs
- Streaming devices (Roku, Apple TV, Amazon Fire TV)
- Web browsers on computers

### Step 3: Download the App

1. **Find the App:** Search for your provider's TV Everywhere app in the App Store or Google Play Store. Common apps include:
  - WatchESPN
  - ESPN+
  - NBC
  - Fox Now
2. **Install the App:** Download and install the app on your device.

### Step 4: Log In

1. **Open the App:** Launch the app after installation.
2. **Select Your Provider:** Choose your cable or satellite provider from the list.
3. **Enter Credentials:** Input your provider account username and password. If you don't have an online account, you may need to create one on your provider's website.

## Step 5: Start Watching

1. **Browse Content:** Once logged in, you can browse available shows and movies.
2. **Stream:** Select a program to start streaming.

## Troubleshooting Tips

- **Check Connectivity:** Ensure your device is connected to the internet.
- **Update Apps:** Make sure the app is up to date.
- **Re-login:** If you encounter issues, try logging out and logging back in.
- **Contact Support:** Reach out to 844-256-2658 for assistance if problems persist.

## Additional Notes

- Some content may be restricted based on your subscription level.
- You may need to verify your account through email or a verification code.
